

18th June 2020

Dear Parent/Carer

I am writing to let you know that there will no longer be a training day on Friday 26th June 2020 which was calendared prior to the school closure this year. Teachers will set work as normal for this day and students will be expected to complete this in line with the way they are currently conducting their home study.

In a change to our current calendar, there will now be 3 training days at the end of this academic term from Monday 20th July to Wednesday 22nd July 2020 inclusive. This change has been made to ensure that we fully prepare for the commencement of the new academic year in September 2020, which we are yet to have guidance on, and so that, if necessary, we can draw up plans to increase our online provision.

Once again we would thank you for your support and understanding during these changing times and would assure you that the above revisions to training days are being made so that Nova Hreod Academy is well placed to ensure that in September we deliver a high quality offer of education and support to all our students in every year group.

We will continue to communicate with you as and when changes to Government guidance is issued.

Yours sincerely,

Nick Wells
Headteacher
