

Learning from Home

Year 7-9

All students are expected to check EPRAISE **by 9.15am every school day** to see what work has been set for them, then working quietly and studiously on this work. Year 7-9 students will have three sessions to complete each day which should take them one hour each AND they should spend an hour each day on their choice of the projects which will be set by their other teachers.

It is imperative that the circumstances we face, do not impede our students' academic progression, and that they continue to make excellent progress at home, as they would in school.
