

Curriculum Vision - *French*

What is the purpose of the curriculum?

- Students are given the opportunity to begin learning a second language and building on their linguistic skills.
- They learn to recognise and understand language, eventually leading into mastering and producing it independently.
- They develop awareness of phonics and this impacts pronunciation, and grammar and how this structures written and spoken speech.
- Students are given a chance to learn about lifestyle, traditions and culture beyond their own and explore the greater world.

Curriculum Vision - *French*

Why is *French* an important subject?

- “Learning a foreign language is a liberation from insularity and provides an opening to other cultures. A high-quality languages education should foster pupils’ curiosity and deepen their understanding of the world. The teaching should enable pupils to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. It should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language. Language teaching should provide the foundation for learning further languages, equipping pupils to study and work in other countries.” (DfE, MFL, September 2013).

How success in MFL is achieved

Types of Knowledge - *French*

Knowledge of vocabulary (Finger tip knowledge)

Knowledge of the words for things; including spelling; knowledge of morphology; the rules for the structures and words; knowledge of English words for accessing cognates and near-cognates.

Knowledge of sounds

Knowledge of phonics; ability to accurately create sounds.

Knowledge of grammar

Knowledge of tenses; conjugation rules and patterns; sentence structure and syntax; gender of words; adjectival agreement.

Knowledge of chunks of languages (lexicons)

This knowledge is more synoptic, instinctive, and biologically primary to learn than isolated vocabulary and grammar.

Knowledge of culture (Hinterland)

Dates of festivals, customs, traditions and differences in lifestyle.

Knowledge of technique

How to plan; how to write/speak with detail; how the role-play/picture card task works.

Curriculum Five Year Journey - French

Careers opportunities - *French*

Year	Specific opportunities for teaching about careers linked to languages.
8	• Learning about careers in French and what sort of work suits you.
10 & 11	• Continuation of careers and future study at a more advanced level. • Translation skills and reading for gist. • Degrees and what their value in the working world. • Apprenticeships and Erasmus schemes offered at UK universities. • The value of volunteering and charity work. • Foreign languages are competitively sought after in the job market. • Languages are invaluable in any field of industry. Combining your main subject with study of a second language is a strategic way to continue studies in a foreign language.
Skills acquired from learning a second language	• Cultural awareness. • Manners and politeness. • Problem solving skills. • Better working memory and thinking under pressure. • Proof-reading and higher grammatical accuracy. • Presence and self-confidence. • Higher levels of communication. • Language manipulation and creativity.
